

## Cube S HiFi Stereo Speaker

The Cube is a HiFi Stereo Speaker constructed in a wooden enclosure with a classic cube design and piano finishing. The cube is engineered to handle 40W RMS of power continuously and offers a maximum output of 110dB SPL at 1meter. The Cube's simple classic design is perfectly complimented by the speaker's rich audio reproduction.

### Product Features

- Wooden Enclosure
- Piano Finishing
- Available in Black and White
- Coaxial HiFi Speaker (Model:Opal 5)
- High Quality Speaker Wire Connectors
- Resonance Isolating Aluminum HiFi Feet

### Product Specification

- Enclosure Type: Bass Reflex
- Coaxial River: 5 1/4" (128mm)
- Impedance: 8 Ohm
- Crossover Frequency: 2kHz
- Frequency Response ( $\pm 3$ dB): 53.8Hz ~ 20kHz
- Maximum Recommended Amplifier Power: 125 Watts
- Power Handling (Continuous): 40 Watts
- Sensitivity (2.83 V/m): 85.4dB
- Maximum Output: 110dB SPL @1m
- Dimensions (HxWxD): 230 x 230 x 230 mm (without feet)
- Weight: 4.5kg/Unit
